FRANCHISE OPPORTUNITY

First Class Mobile Model Meets Billion Dollar Market

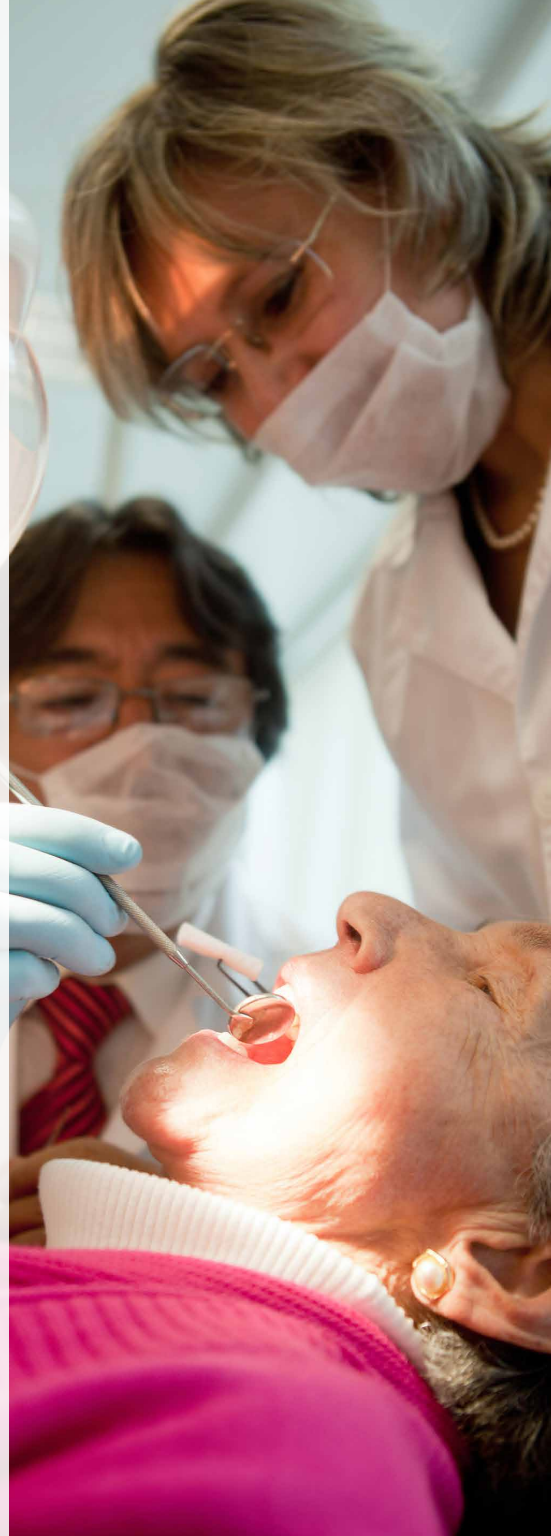

Have you been seeking a profitable mobile business model that is also one of the most rewarding opportunities of a lifetime? *You've come to the right place.*

Dignity Dental Network gives you a proven path to profitability in the dental services market — an industry predicted to grow to \$65.23 billion by 2030 and to expand by nearly 8%¹ in the coming years. Our team has carefully designed a simple-to-operate model that gives you the keys to a new scope of possibilities to help both the senior population and individuals with special needs! We give you proven techniques on how to access large scale CMS facility contracts, a healthy work-life balance through home-based operations, and top-tier ongoing support services.

We believe that every person deserves access to quality dental care — that's why we created our innovative mobile concept that caters to people with special needs and the aging generations with comfort, compassion, and understanding at the forefront of our services. Dignity Dental Network provides expert care to everyone, giving each person a chance for unparalleled dental care tailored to them at their location and unhindered by physical or medical limitations! Our mission is not just to brighten smiles but to make dental care an accessible and comfortable experience for all.

Our franchise partners have the opportunity to change lives and enhance quality of dental health through our unique mobile dental care model. If you're ready to invest in a business of your own and help a well-deserving community of people, then invest in Dignity Dental Network.

Why Choose Dignity Dental Network?

Millions of people with special needs and aging adults struggle to find quality dental care that encompasses every unique aspect about their circumstances. Dignity Dental Network works as a unique company that meets this need, with little direct competition along the way. Here's why you should choose Dignity Dental Network:

CONSISTENT CONTRACTS WITH CMS FACILITIES:

Service several clients in one day at one single location! We'll teach you how to find Centers for Medicaid and Medicare Services (CMS) and how to secure contracts with these organizations for predictable cash flow. Contracts can range from multiple times per month to once every two months, depending on the size of the facility and the needs of their patients.

STRENGTH IN NUMBERS: According to the World Health Organization², the aging population is predicted to encompass over 20% of the world's population by 2050. Similarly, special needs individuals make up around 16% of the global population, equating to around 1.3 billion people. Our unique model caters to these individuals, giving the opportunity for better oral health straight to their doorsteps.

UTILIZE CONTRACT STAFF: By partnering with CMS facilities, you can predict and hire independent contractors that meet the needs of your schedule. Save money by contracting dental professionals when you need them and mitigate the typical high salary expenses!

PROVEN PROCEDURES: Follow our simple-to-understand procedures for a stress-free business. We've fine tuned our systems to keep your business running smoothly with zero guesswork along the way.

LOW OVERHEAD WITH STRONG RETURNS: When utilizing your own vehicle, your initial investment includes dental equipment and supplies only. By being a unique mobile concept, we eliminate the expenses that are typical with a brick-and-mortar dental office.
